

IMPORTANT NOTICE

A sanitary sewer will be constructed on your street shortly. A service connection and service lateral will be installed from the main sewer to the edge of the street right-of-way or permanent easement to serve your property or house as applicable.

Please install this card and stake in the area where you want the new service lateral to be located. You must also note the depth at which you would like your lateral installed. Consult your plumber should you require advice on this location and depth. *Please write the sewer stub depth in the box below.*

**SEWER STUB
DEPTH:**

IF THIS CARD AND STAKE IS NOT IN PLACE when the sewer construction starts in front of your property, the service connection and service lateral will be located as shown on the Engineer's Contract Drawings.

Please be patient with the construction, as your street and property will be restored after the installation of the sanitary sewer system.

Thank you for your cooperation.

ROBERT B. OUR, INC. 24 GREAT WESTERN ROAD HARWICH, MA 02645
