### **For Immediate Release**

#### **Sewer Construction Traffic Pattern Impacts**

##### **Chatham** –

The sewer construction work will continue into the intersection of Barn Hill Road and Hardings Beach Road on September 22, 2010. As a result a single lane temporary roadway will be necessary to move vehicles around this intersection. This temporary roadway will be in place from 7 am to 4 pm Wednesday September 22nd and as needed Thursday September 23<sup>rd</sup>. The intersection will be open on evenings and weekends. Signage and police officers will be in place to assist the motorists during construction periods.

Additionally, a sewer construction crew will be working to place a manhole in the intersection of Route 28 and Old Queen Anne Road on September 22, 2010. Sewer construction work will then progress east along Route 28. The designated detour route of Old Queen Anne Road to Stepping Stones Road to Crowell Road will be unchanged, but traffic at the Route 28 and Old Queen Anne Road and Lime Hill Road intersection will be limited to one lane.

We encourage you to visit the sewer construction project web site for updated schedule information at:

<http://www.chathamscproject.info/>;

and the Town's website for additional information regarding this and other important projects and events in the Town at: <http://www.chatham-ma.gov>

Thank you for your patience and cooperation during this environmental important project.
